

LR18 - ADJUSTABLE EYEBALL 6" LINE VOLTAGE TRIMS

SPECIFICATION

120V 75W Max PAR30 MED E26

Application: Accent lighting and wall-washing are the two applications for which eyeballs are commonly used. They can be aimed and adjusted to focus on specific objects or areas. These **eyeball** trim fixtures provide flexibility and versatility by doubling as both a downlight and as an accent light. They are an economic way to provide general and accent lighting with both vertical and horizontal aiming capabilities. Their large degrees of rotation result in both visual style and practical ergonomics.

Mounting: Steel pressure springs mounted on trim to ensure positive retention inside housing.

Finish: Die-Formed Construction Available in White, Black, Natural, Copper and Mocha.

COMPATIBILITY
