

LR340 - GIMBAL RING 6" LINE VOLTAGE TRIMS

SPECIFICATION

120V 150W Max PAR38 MED E26

Application: The standard in residential adjustable illumination, these **gimbal** style trims provide flexibility and versatility from a single rotary axis. They double as both a downlight and as an accent light. They are an economic way to provide general and accent lighting with both vertical and horizontal aiming capabilities. Their large degrees of rotation result in both streamlined style and practical ergonomics. **PAR38** gimballs offer higher wattages accenting object far away objects.

Mounting: Steel pressure springs mounted on trim to ensure positive retention inside housing.

Ring Finish: Die-Formed Construction Available in White, Black, Gold, Natural, Copper and Chrome.
