

## LRS990 - PINHOLE REFLECTOR 4" LINE VOLTAGE TRIMS

┌ 2 1/8" ┐

┌ 4 7/8" ┐

### SPECIFICATION

120V 50W Max R20/PAR20 MED E26

**Application:** This trim allows a defined location to be lit without affecting the surrounding surfaces while concealing the lamp image and providing a consistent ceiling appearance. The smaller the aperture the more confined the illumination.

**Pinhole** trims provide the type of precise illumination needed for artwork such as paintings and statues. They are also ideal for cozy environments like restaurants and living spaces where glare-free illumination is desired.

Aside from accent lighting, they can also be utilized for task lighting applications such as above tables, workspace, cabinetry, and other locations where a directed beam is desired.

**Gasket:** Supplied with gasket to prevent light leakage and unsightly heat streaks on ceiling surface.

**Mounting:** Steel pressure springs mounted on trim to ensure positive retention inside housing.

**Reflector Finish:** Spun Aluminum Reflector Available in White, Black, Clear, All Copper\* and Satin Haze.

**Ring Finish:** Die-Formed Aluminum Trim Ring Available in White, Black, Natural and Copper.

**Label:** UL Listed, cETL Listed

### COMPATIBILITY
